Gives all year long!

Since 2007 the Council Rock Education Foundation (CREF) has proudly enhanced the learning experience of Council Rock students. In only nine short years, the Education Foundation, in partnership with generous donors, has directly impacted thousands of students by awarding more than 73 Innovative Learning Grants totaling more than \$180,000 to Council Rock teachers and principals for students. These projects, not covered by the Districts annual budget, engage, educate and inspire young minds through experiential learning, igniting their passion for continued education
