October 2014

On March 13<sup>th</sup>, the Council Rock Education Foundation will be hosting our Second Annual Monte Carlo Night. Last year's event was an overwhelming success – over 100 people came out to enjoy great food and drink while playing table games for chances on fabulous raffle baskets and bidding on silent auction items!

We are working to make this year's event an even greater success by reaching out to businesses and organizations like yours to request your donation of a service, product or item to be featured at this event.

The Council Rock Education Foundation provides innovative education programs for Council Rock students through a competitive Teacher Grant program. As school budgets become tighter, it is increasingly difficult for teachers to allocate funds to invest in creative and innovative new ways to challenge, engage and inspire their students. Over the past 7 years, the Education Foundation has invested more than \$110,000 in 63 innovative educational programs to expanded students' opportunities in the areas of STEM innovation (Science, Technology, Engineering & Math), 21<sup>st</sup> Century Literacy, Youth Leadership, Environmental Engagement and the Arts. We need your help to ensure that our students have the extra edge to be prepared to compete and succeed in this global economy.

Please fill out the enclosed "Auction Donation" sheet and return it with your donation or call our office at 215-944-1023 should you have any questions. Should you require a copy of our Federal Tax Group Exemption letter, which establishes that we are a non-profit, 501(c)(3) organization please feel free to contact our Executive Director at [swray@creducationfoundation.org](mailto:swray@creducationfoundation.org). **The deadline for receipt of all auction items is February 15, 2015.**

We thank you in advance for your support of the Council Rock Education Foundation!

Board of Directors
